

3 Directional Load Cell For Engine Mount Measurements

4,000 Lb Capacity Load Cell
model shown : TR3D-B-4K

Load Cell Installed in Engine Mount Adapter

Load Cell Installed In Vehicle Engine Mount

Features

- Measures forces in three perpendicular directions
- Weatherproof Sealed
- Nonlinearity < .5% of full scale output
- Temperature compensated for stable output
- Available in 250 Lb, 1K, 4K, 4.5K, and 16K Lb capacity
- Wide Temperature range -40F to 300F (-40C to 149C)

Sample Data
